Assistant Commissioner for Patents
Washington, DC 20231

Sir:

In response to the final Office Action dated December 4, 2002, please enter the following amendments and consider the following remarks.

IN THE CLAIMS:

Please amend the claims as follows.

1. (Thrice Amended) A method of transmitting data from a first server computer to a client computer via a computer network, the method comprising:
- requesting a dynamic proxy server computer to run a program for transforming data, which program is referred to by an address within a data store connected to the computer network from where the computer program is
